Get the ABCs of ICD-10

This week our daily Email Updates featured the ABCs of ICD-10:

- Assess how ICD-10 will affect your practice and make a plan
- Be sure your systems are ready
- Contact your vendors

Today, we’re sharing the full infographic, which offers a complete overview of how you can use the ABCs to get ready now.

You can post the infographic, available alongside the other ICD-10 infographics on the CMS ICD-10 website, on your website and social media platforms to share with your colleagues.

Please be sure to view and download the infographic via our website, where underlined text in the image below links to key documents.
